

MORE INFO

Estate Access

- Smart access for
- smarter estates.

Simplify and secure estate living with the Instacom Estate Access — a smart solution that puts control directly in the hands of residents. Designed to streamline visitor management and enhance security, it transforms outdated gate processes into a seamless digital experience.

Residents can instantly generate access codes, view historical entries, select contacts, and share codes via WhatsApp, SMS, email, and more. Real-time visitor notifications ensure peace of mind and full visibility of who's coming and going.

Ditch the visitor book. Embrace reliable, paperless access with POPIA-compliant data security and real-time digital vetting.
